

# Flexible and affordable child care

**If you are interested in quality, flexible and affordable child care, Communities@Work Family Day Care Scheme can help.**

Family Day Care provides a safe, secure and stimulating home environment for children, with care being provided for small groups in an approved Carer's own home.

Carers are trained, resourced and provided with up-to-date information on child care practices by a team of Family Day Care Support Managers.

Families will also have the support of one of Australia's largest community-based Family Day Care networks.

If you are looking for flexible full-time or part-time care, including casual, weekend, before/after school, school holiday and overnight care, contact Communities@Work.
