it's about you. Always!
Communities@Work

“Singing has been an essential part of most global communities for thousands of years. Children unconsciously recognise this and sing freely, individually as they play, in groups, and are actively encouraged to sing at pre-school and school. I have observed that as we grow and become more self-conscious we tend to stop singing and “leave it to the professionals”. (Cecilia Pavlovic)

Come and learn singing techniques & child – friendly songs new and old Learn to sing with your own children and experience the joy that singing brings to children and adults

This workshop is designed ultimately to encourage participants to have fun with their own voices and meet new people, make new connections along the way and sing with their children!

Date: Every Thursday for 6 weeks
(start date to be advised)

Time: 10.30 am – 12 noon

Location: Richardson Family Links Room
(within the Child Care & Education
Centre – May Gibbs Close, Richardson)
