

Stirling Child Care & Education Centre Testimonials

Read testimonials from children, staff and family about Stirling Child Care and Education Centre:

Family

"Our 3 children have developed very well here. Our twins are very shy in public by nature and were reluctant to go to child care previously interstate. Since arriving they have become more engaging and less anxious in public. Our 11 month old son has been very well looked after and we are very fortunate to have Stirling Child Care and Education Centre".

Educators

"After spending eight years in a much larger centre I can appreciate the points a smaller centre has to offer. Here at Stirling, our families are very friendly and always communicate and interact well with the Educators, taking the time to talk to us when dropping off and picking up their children.

At Stirling we are very fortunate to be able to interact and get to know all the children, this makes transition in the next room run smoothly. I enjoy working at Stirling, we have a great time and work well together.

I love working with the younger educators who always include me in everything they do. We have a lot of laughs, and fun! Sue, our Manager is great and works with us as a team member".
