

# MEDIA RELEASE

29 April 2010

## CA Donates the Brumbies to OzHarvest Canberra!

On the 1st May, for one night only the CA Brumbies will be known as the OzHarvest Canberra Brumbies.

In an incredible act of generosity CA have donated the naming rights for the 1 May, CA Brumbies vs the Reds Super 14 game to OzHarvest Canberra. OzHarvest Canberra is the CA Brumbies' major charity partner and number one ticketholder for 2010, while CA is the naming rights sponsor of the Brumbies.

Dave Burnet, OzHarvest Canberra Coordinator says "We are humbled by the support both CA and the Brumbies have shown OzHarvest. To donate the naming rights for an international sporting team such the Brumbies is a big deal. The awareness and the funds raised this weekend will make an enormous difference to us. We know the service OzHarvest Canberra provides is essential for so many in our city, it's the difference between getting a meal or not, to be supported and recognised by CA in this way is absolutely fantastic!"

OzHarvest Canberra aims to raise \$30,000 at the game to support the operation of OzHarvest in the Canberra community, specifically to allow for the rescue and delivery of 30,000 meals to those in our community in need. OzHarvest Canberra volunteers will be rattling buckets and asking rugby fans to give generously.

To kick start the fundraising CA have made a donation of \$5,000.

Brenton Smith, CA's Vice President and Area Manager for Australia/New Zealand, says the company is pleased to support OzHarvest Canberra. "CA has always been very committed to communities in the ACT and as a company, we are always pleased to help out and donate wherever we can. I couldn't think of a better cause." he said

Captain Stephen Hoiles says the move is a reflection of CA's and the CA Brumbies' commitment to the ACT community. "We're very proud of our association with CA and with OzHarvest Canberra," he said. "We're all very aware of the great work OzHarvest Canberra does in rescuing unused meals for countless local charities and a number of the guys have really enjoyed the time spent on the road with the OzHarvest Canberra crew.

The CA Brumbies will be wearing specially made OzHarvest Canberra jerseys which will be signed by each player and auctioned off online to raise more funds for OzHarvest Canberra.

Show your support of OzHarvest Canberra by wearing yellow to the game and by giving as much as you can to our volunteer collectors

OzHarvest Canberra rescues excess food from food retailers, restaurants, event caterers, manufacturers, institutions and corporate offices.

We deliver the food free of charge to shelters, refuges and charities that support men, women and children who are disadvantaged in our community.

The delivery of food by OzHarvest enables recipient charities to redirect funds originally budgeted for food to other programs such as education, training and rehabilitation.

Such a simple and effective way of making a real contribution to people who need it.

### Interview opportunity

Media will have the opportunity to interview Dave Burnet, Coordinator of OzHarvest Canberra. Or give Jill a call to book an opportunity to ride along with the OzHarvest Van and see how it all works.
