ASSESSMENT

A range of assessment methods are used during engagement with this qualification including:

- Written questions
- Case studies
- Projects
- Workplace portfolios
- Recorded role plays
- Observation reports to be completed in the workplace by a suitably qualified workplace supervisor and CPLE trainer and assessor.

Each module is assessed both in theory and practice. This means that you will need to complete both the theoretical assessment as well as a practical assessment in the workplace to complete the requirements in full.

Every assessment task must be marked as satisfactory for overall competency to be achieved. No formal recognition can be awarded for partial completion of the module (i.e., just completing one assessment tasks but not the others).

ASSESSMENT TYPES

Assessment Task One: Assessment task one in each module within this qualification contains questions and case studies that will allow you to apply your understanding of the requirements learned and taught in the engagement with the learning materials contained in each unit. These questions and case studies are designed to validate your knowledge alongside the Elements, Performance Criteria, Performance Knowledge and Evidence within the module. They are open book assessment, and you are required to complete all questions and case studies to pass the assessment. You must answer and complete the questions in your own words. If you refer to other sources of information directly or indirectly, sources must be referenced.

Assessment Tasks Two and onwards: The completion of these assessment items requires completion of skills-based requirements of the unit of competency. They will allow you to implement the learning you have engaged in to master practical requirements of the module. Projects will require the completion of tasks in the workplace as well as the collection of workplace documents/evidence. They will also involve

interactions with children, educators you work with and families you support.

Assessment Tasks Two and onwards will also include the following types of assessment:

- **Supervisor Reports:** Competency-based assessment is the process of collecting evidence and making judgments on whether competency has been achieved. The purpose of this type of assessment is to confirm that you can perform the standard expected in the workplace, as expressed in the relevant competency standards. A workplace supervisor is in an advantageous position of being able to provide your CPLE assessor with assessment evidence regarding your competency and level of ability. They can do this by observing you undertake tasks in the workplace or by reviewing the work that you have completed.

All Supervisor Reports are to be completed by a suitable qualified workplace supervisor who fulfils the following requirements:

- Hold vocational competencies at least to the level being completed and assessed by the student AND

- Has current industry skills and knowledge directly relevant to the level being completed and assessed by the learner as outlined in this report AND
- Is a direct supervisor of you, the student.

To fulfil this requirement, your supervisor must hold one or both of the following requirements:

- ACECQA approved Bachelor level qualification AND/OR
- ACECQA approved Diploma of Early Childhood Education and Care level qualification

REFERENCE: <https://www.acecqa.gov.au/qualifications/nqf-approved>

For all supervisor reports, CPLE have requested that workplace supervisors provide you with a copy of their ACECQA approved qualification for the sake of validation and evidence. It is important for you to discuss this requirement with your workplace supervisor prior to engagement in your assessments.

- **Assessor Observation Reports:** The most effective place to determine competency in the skill sets required within this qualification is in the workplace as it facilitates demonstration of real-world skill sets within a variety of contexts and contingencies. For modules which hold direct observation requirements by an assessor, an assessor observation report tool will form part of the assessment that you will need to complete. For the completion of this assessment task, your CPLE trainer and assessor will liaise with your workplace to make a time to visit and observe you undertaking the skills required for the demonstration of competence.

WORKPLACE VISITS

CPLE trainer/assessors will visit your workplace every 12 weeks at a minimum, over the duration of enrolment in this program to:

- Mentor and support your on-the-job learning
- Observe and assess the practical competencies and complete relevant workplace observation reports
- Validate your competency with workplace supervisors
- Work with your manager in completing compliance requirements such as training plans

Workplace visits will occur more frequently in the event you require additional support or assessors need to visit your workplace multiple times to collect the required observation evidence.

REASSESSMENT & RESUBMISSION

You will have up to three attempts to complete each assessment tasks satisfactorily. If after the third attempt, you have not completed a task satisfactorily, your CPLE trainer and assessor will make alternative arrangements for assessment, which may involve additional training and time to consolidate your skills and knowledge or review your suitability for enrolment into the program.

If you are required to resubmit an assessment, you may be required to:

- Resubmit incorrect answers to questions (such as written tasks and case studies)
- Resubmit part or all of a project, depending on how the error impacts on the total outcome of the task.
- Redo a role play after being provided with appropriate feedback about your original performance.

- Be observed a second (or third) time undertaking any tasks/activities that were not satisfactorily completed the first time, after being provided with appropriate feedback.

If you are required to resubmit an assessment task, you will be given a due date for the resubmission. For example, you may:

- Be given 10 days in which to resubmit incorrect responses to written tasks, projects and so on.
- Be provided with feedback about your performance in a role play and then be required to complete the role play again at a future meeting with your CPLE trainer and assessor.
- Need to complete workplace-based tasks again during a workplace visit or have additional workplace observations scheduled (where applicable).

You will receive formal and informal feedback throughout your enrolment via:

- Oral feedback during face-to-face classes, phone conversations and workplace observation tasks.

- Written feedback and guidance provided via email correspondence.
- Documented feedback in the assessment record tool for each assessment task within each module. These are completed by trainer/assessors and uploaded into Canvas.

FREQUENTLY ASKED QUESTIONS

WHO WILL BE MY TRAINER AND ASSESSOR?

CPLE employs knowledgeable, skilled and experienced trainers & assessors. As a minimum, they will have:

- Vocational competencies at least to the level being delivered and assessed;
- Current industry skills directly relevant to the training and assessment provided; and
- Current knowledge and skills in vocational training and learning that informs their training and assessment.

CPLE requires our trainer and assessors to maintain current industry skills. For you, this means your training and assessment is delivered by people who are themselves competent, highly qualified and hold proficient skills as they have worked extensively in the education and carer sector. CPLE ensures that our trainer and assessors are regularly exposed to industry workplaces through participation in workplace tasks and engage in regular professional development.

DO YOU HAVE SPECIFIC INTAKES OR START DATES?

This qualification is facilitated via a rolling intake which means that you can enrol into this qualification at any time. Upon enrolment, you will have a schedule designed for you which is set to the completion timeframe requirements of the units/modules you need to complete based on your enrolment application paperwork and previous completed study where applicable.

This said, during periods of the year where the ACT government releases funding (i.e.; Skilled Capital or Job Trainer funding), CPLE will facilitate group intakes to streamline RTO enrolment processes and administrative practices.

HOW DO I ENROL?

Prior to formal enrolment, you will be required to attend an information session or pre-enrolment conversation that covers qualification, assessment and funding information to make an informed decision regarding enrolment. A series of eligibility checks will also be completed to ensure that you meet the entry requirements of the qualification.

Enrolment checks consist of:

- Completion of all enrolment documents.
- Submission and verification of ID documents.
- Confirmation of employment and work placement options.
- Submission of relevant transcripts for credit transfer and/or recognition of prior learning.
- Completion of a Language, Literacy and Numeracy (LLN) Assessment.

Once all required steps are completed, enrolment is organised depending on the funding type you choose to access. Processes may involve:

- Arranging a sign up with the Australian Network Provider for registration of your User Choice contact.
- Applying for Government funding and securing a place.
- Developing an individualised study schedule which maps out your training and assessment pathway and timeline.
- Liaising with your employer for the sake of negotiating your training plan.
- Conducting an Employer Resources Assessment to ensure that your workplace has sufficient resources and supervision arrangements to support you in this qualification.
- Setting up your access in our Online Learning System (Canvas) and entering your personal details into our Student Management System.

HOW LONG DOES THE ENROLMENT PROCESS TAKE?

The enrolment process can vary depending on the funding arrangement in which you enrol. General time frames vary between 2 to 8 weeks for approval of funded training contracts. Eligible students will be contacted by CPLE when enrolment is confirmed.

LANGUAGE, LITERACY AND NUMERACY ASSESSMENT (LLN)

Completion of a Language, Literacy and Numeracy Assessment (LLN) is a mandatory, initial skills assessment that you are required to complete in line with the Australian Core Skills Framework (ACSF), during the pre-enrolment process. CPLE will assess the outcomes of your LLN assessment prior to formal enrolment, to ensure you have the adequate skills to complete the learning and assessment requirements of the qualification.

In the event you present with an ACSF score of 2 or lower in any of the LLN areas, you will be permitted to sit the LLN assessment again. If upon sitting the assessment for a second time, results are not at the ACSF level required, it may be decided that it is better for you to access LLN support networks prior to enrolment for your skill development. CPLE recognise that whilst effective training and assessment processes will occur during your enrolment with us, tutoring services are outside of the scope of our skillsets and qualifications.

LLN networks we will refer you to include:

- **Navitas English Canberra:** Offer free LLN development classes for eligible candidates.

It will also allow you to submit your assessments and access results. You will be provided with a link that will take you to the Canvas Student Guides for information on how Canvas works.

For best performance, Canvas should be used on the current or last previous major release of Chrome, Firefox, Edge, or Safari. Because it's built using web standards, Canvas runs on Windows, Mac, Linux, iOS, Android, or any other device with a modern web browser. Canvas only requires an operating system that can run the latest compatible web browsers. Your computer operating system should be kept up to date with the latest recommended security updates and upgrades.

Canvas supports the current and last previous major releases of the following browsers:

- Chrome 94 and 95
- Firefox 92 and 93 (Extended Releases are not supported*)
- Edge 94 and 95
- Respondus Lockdown Browser (supporting the latest system requirements)
- Safari 14 and 15 (Macintosh only)

You can verify that the browser you are currently using is up to date by using the browser checker tool for instructions on how to do this.

WHAT SUPPORT IS PROVIDED IF I NEED HELP?

You will be allocated a CPLE trainer and assessor who will be able to assist you at any stage of your qualification. Your trainer and assessor will provide you with their contact details (phone and email) if you need any help and will visit you regularly in your approved workplace. They will also be the individual responsible for marking your assessments as you progress through the qualification.

If you are attending classes or support sessions, your questions will be answered immediately. Alternatively, you are able to request a virtual Teams meeting with your assigned trainer and assessor to discuss any questions you have.

I NEED TO GIVE PROOF OF ENROLMENT TO MY WORKPLACE. HOW DO I PROVIDE THIS?

When you enrol, CPLE will confirm your enrolment by providing you with a letter. You do not have to request this; it will be emailed to you when your enrolment is confirmed. Alternatively, a training plan signed by a CPLE trainer and assessor upon enrolment is also sufficient. If it is not, please email CPLE administration: cple@commsatwork.org or call 02 6293 6220 to discuss.

I AM STUDYING WITH ANOTHER RTO/TAFE BUT WANT TO CHANGE TO CPLE. CAN I DO THIS?

Yes, this is a possibility. If you provide CPLE with a certified transcript of what you have completed with the other RTO/TAFE, we will assess your progress and provide you with information regarding costs and processes involved if you are to enrol with us. If you have units which directly relate to those within this qualification, we will be able to offer you credit transfer for these units. You can then complete the remaining units in this qualification with CPLE.

WHEN SHOULD I START TO LOOK FOR EMPLOYMENT?

It is recommended that you start to look for a placement or employment within a regulated education and care service as soon as your enrolment is confirmed. This way, you are able to complete workplace tasks that are required within an assessment, including any relevant workplace practical hours.

HOW DO I FIND AND APPLY FOR WORK PLACEMENT/EMPLOYMENT?

Follow the steps below to find a work placement that will enhance your skills and get you some valuable on-the-job practical experience throughout your enrolment.

1 | Search: Think about services where you would like to work. Try looking through available positions through job websites such as

- **Seek:** <https://www.seek.com.au/>
- **Indeed:** <https://au.indeed.com/>
- **Career One:** <https://www.careerone.com.au/>

You can also look on the Communities at Work Careers page for openings available internally: <https://www.commsatwork.org/careers/>

2 | Apply: Create a shortlist and start contacting potential workplaces. Provide them with confirmation of your qualification enrolment and an up-to-date resume and cover letter.

3 | Meet: Arrange a time to meet with the workplace and discuss placement options.

4 | Secure: Confirm all work details and inform your assigned CPLE trainer and assessor of all relevant details such as your start date and where your placement will be.

5 | Commence: Start your work placement and demonstrate your dedication to the sector!

HOW DO I KNOW IF I AM WORKING IN A REGULATED EARLY LEARNING SERVICE?

The Australian Children's Education and Care Quality Authority (ACECQA) has a National Register on its website which lists all services approved and regulated within Australia. By choosing a service on the register, you are choosing a service which complies with the requirements of this qualification.

You can search for a service by using the register found here: <https://www.acecqa.gov.au/resources/national-registers>

For the completion of this qualification, it is recommended that you source a workplace which educates groups of children aged 0-6 years. The best recommended service for this is a Long Day Care (LDC) Centre. Primarily aimed at 0-6-year-olds, long day care is usually based in a centre and the education and care programs are created around the developmental needs, interests and experience of each child. Because long day care centres typically operate for 8-11 hours a day on normal working days for a minimum of 48 weeks per year, children get to know their educators and form attachments to familiar people, spaces, and friendships with other children.

There are other settings that you can choose to complete placement/employment in, however they will require additional placements outside of the service to accommodate assessment requirements. Example settings are:

- **Family Day Care:** Family day care can be for children from birth through to school age. The care is provided in the educator's own home and many providers are parents whose children are older and go to school. Family day care providers are administered as a group through a family day care service – often this is a local council or a community organisation. Family Day Care settings provide a home-like environment for children which is a solid advantage. However, due to the limited numbers of children who can attend based on child to staff ratios (1 educator to 4 children), you may face issues with not having sufficient numbers of children to complete your assessments on.

For example, to complete assessments for the Care and Nurturing module you will need at least 2 children 0-12 months of age and another 2 children 12-24 months of age. Likewise for assessments related to Supporting Children's Development, you will need 4 children aged 0-6 years of age; 2 under the age of 2 years and 2 children aged 2-6 years. A Family Day Care setting may not be able to provide you with sufficient numbers of children within these age groups to observe.

- **Outside Of School Hours Care (OSHC):** OSHC includes before and after school care and vacation care services. OSHC services provide education and care for primary school-age children (generally aged 5-12 years) outside school hours and during school vacations. Services are often open on pupil-free days as well. If working in an OSHC settings which caters to children 5-6 years

of age, you will be able to use children from the service for the sake of assessment. This said, there are assessment tasks within this qualification which require engagement with children under the age of 5 years.

For this purpose, you will be required to complete a minimum 160-hour work placement in a long day care service with children 0-5 years of age to complete assessment requirements related to the following modules/units:

MODULE: Care and Nurturing | CHCECE032 Provide care for babies and toddlers

- **Assessment Task 3 : Critical Reflection on Relationships - Reflective Journal |** Students are required to complete the Reflective Journal template to investigate and reflect on ways relationships are built with babies, toddlers, and their families in the workplace.
- **Assessment Task 5: Nurture Babies and Toddlers - Assessor Observation Report |**
 - **Part A: Nurture Babies |** Student will be observed in the workplace nurturing babies under 12 months of age while completing duties such as changing nappies, preparing formula to bottle feed, and preparing and settling babies for sleep.
 - **Part B: Nurture Toddlers |** Students will be observed in the workplace assisting and supporting toddlers while completing tasks such as toileting, providing meals and preparing and settling toddlers for sleep.

MODULE: Supporting Children's Development | CHCECE035 - Support the holistic learning and development of children, CHCECE036 - Provide experiences to support children's play and learning and CHCECE038 - Observe children to inform practice

- **Assessment Task 3: Planning Cycle Portfolio – Project** | For this assessment task, students will be required to facilitate a full cycle of planning for four focus children. Two children must be below the age of 23 months and the other two children must be between the ages of two and six years.

UNREGULATED SERVICES

The following education and care settings are unable to be used for work placement for qualification completion:

- **Occasional Care Services:** Occasional care is a similar environment to long day care – safe, friendly, and staffed with qualified educators – except the centre is set up for much shorter sessions and is likely to have less formal booking processes. Occasional care is designed to allow parents to get some rest or exercise or attend an appointment or job interview. Some centres are set up for occasional care only and do not have a meal service or space for naps as their sessions might typically run for one or two hours. Occasional Care services are not regulated with ACECQA therefore cannot be used for the completion of assessments in this qualification.
- **In-home care:** Some children are cared for in their own home, by nannies or babysitters. These forms of care are not regulated by ACECQA therefore are unable to be used for the sake of assessment.
- **Playgroups:** Playgroups are informal sessions where parents, carers and educators get together with their children for a couple of hours each week to connect, learn through play and most importantly, have fun. Whilst playgroups have an important role in supporting social networking and connection, they are not regulated by ACECQA and so are unable to be used for the sake of assessment.

You can carry out a number of functions in the system ranging from nominating a qualification for delivery, claiming a completion payment, and initiating and approving training contract variations. Upon enrolment, you will receive a user guide for AVETARS and be informed of the role this portal will play in your enrolment with CPLE.

WHAT IS AN AUSTRALIAN NETWORK PROVIDER (ANP)?

Apprenticeship Network Providers are contracted by the Australian Government to offer a free service to apprentices, trainees and employers to assist them with the sign-up, administration and management of apprenticeships and traineeships. As of 1 February 2020, there is only one ANP servicing the ACT: Sarina Russo Apprenticeships. If enrolling into this qualification under User Choice Funding, CPLE will speak with you regarding the sign-up process with the ANP.
