

RETURNING TO CLASSROOM LEARNING

AT COMMUNITIES@WORK GALILEE SCHOOL

When we return to classroom learning, there will be some changes to the way our school will operate to help prevent the spread of COVID-19.

What you can expect from us

- Clear communication about arrangements at our school.
- Increased cleaning focused on high touch surfaces across the school.
- Soap and hand sanitiser available for everyone in prominent areas of our school.
- Regular reminders for staff and students to wash hands throughout the day.
- Posters and signage in our school about practising good hygiene.
- Minimising the number of adults and visitors to our school.
- Limiting events that bring groups of adults together in our school (until further notice).

What we need from students

- Do not come to school if you are sick.
- Wash your hands before arriving at school, before food breaks, and regularly through the day.
- Follow instructions from teachers and school staff.
- Be respectful of teachers, school staff and your fellow students.
- Sanitise your hands before getting on school buses and before leaving school buses.

What we need from parents and carers

- Don't send your young person to school if they are unwell.
- Avoid coming onto school grounds unless absolutely necessary.
- Call or email ahead if you need to visit us.
- If onsite, practise good social distancing with other adults.
- Sign our Galilee School waiver if sending your young person to school.
- Communicate with us around any questions or concerns you may have.
